

Cyclmasters Hot News

Start Time

March is upon us and our start time is now 8:30 AM unless noted otherwise by your ride leader.

Save the Date!

The Cyclmaster's Annual Dinner Dance will be held **Sunday, April 22** at the Vistas Dining Room in the HOA1 Clubhouse. The theme this year is **El Tour de SaddleBrooke**. More details will follow shortly.

Road Cleanup

One of our premier community service projects is to cleanup the side of the road on SaddleBrooke Boulevard from Oracle Road to MountainView Boulevard. This activity is planned for this Saturday, March 3 at 11 AM. Meet under the basketball hoops in the HOA1 parking lot. Wear long pants, sturdy shoes, and work gloves. Bring a picker if you have one. If you don't have one, one will be provided.

Club Meeting/Social

A club meeting/social is scheduled for Monday, March 5 at 5:30 PM at the HOA1 Activity Center. Please bring an appetizer. (Last month we ran out of food so it's imperative everyone bring an appetizer of some sort.) Beverages will be provided. We will have a 60/20/20 raffle to benefit Impact of Arizona (local food bank). Tickets will be \$1/each or 6 for \$5. We have a special guest speaker so don't miss out!

Easter Egg Ride

This month's theme ride is on Saturday, March 24 at the home of Jim & Julie Egolf, 37663 S. Jade Crest Drive. The ride will start at 8:30 AM from the SaddleBrooke Country Club. You'll pick up your Easter egg along the way and lucky winners will collect their prize at breakfast. Cost is \$5 per person. Even if you don't ride come and join us.

Safety Class

Our Safety Coordinators Rob Hutton and Denise Edwards have scheduled a second safety class on Thursday and Friday March 29-30. Last month's class was a rousing success. More information will be forthcoming.

Over the Hill Ride

Over the Hill Ride #2 takes place on Saturday, March 31 at 8:30 AM starting in the HOA1 parking lot. It goes over SaddleBrooke hill to Oracle Junction and back. First time participants get their name added to the plaque in the HOA1 clubhouse.

Ride safe.

Mike Brenny
